

Tennessee Basketry Convention  
July 15-18, 2026  
Cookeville, TN

“Weaving, Family History!”

***“By doing what you love, you inspire and awaken the hearts of others.”***

**Anon**

*Hello Tennessee Basketry Association Members,*

*You are viewing the TBA convention booklet solely online, no longer printed and mailed, for the first time in the convention's 26-year history. In 2024 the TBA members chose by vote to offer the booklet online to reduce convention costs. The goal is to offer excellent convention experiences at nice locations, and at a registration cost reduced by eliminating printing and mailing booklets. You can view beautiful baskets in amazing color on your computer or phone.*

*The convention chairs, Fran Sorrell and Amy Woods, along with many committee members have spent countless hours to make 2026 the best convention yet. I extend my sincere appreciation and admiration for their work.*

*I hope to see all of you in Cookeville where you will find several traditional convention activities: a nice selection of classes taught by talented and patient teachers; a variety of vendors; goody bags with useful items and a basket kit; a hospitality room as well as catered meals; a raffle and a silent auction; marketplace you can sell and/or buy from; basket and kit exchange; nice hotels with an easy drive to the Leslie Towne Centre; and the only yearly general business meeting. You will elect a new slate of officers at the meeting.*

*So, carefully peruse the class offerings that members voted in back in the fall, and prepare to meet other basket makers while gaining new basketry skills.*

*If you decide to attend, thank you. Thereby helping to support basketry in Tennessee and the many states of all members. The Board recognizes that your participation is time consuming and expensive, and we appreciate your involvement.*

*Barbara Holt, Ed.D.  
President*

## **Dani Sue Anderson**

Dani Sue is a Kentucky girl whose roots run deep. She first learned to weave while living on her grandparent's farm in Taylorsville, KY. Dani Sue learned to make her first basket when she was 6 years old, sitting on her Granny and Papaw's table with the basket, almost as big as she was. Her Granny, Ardia Herndon, started teaching basket classes the year Dani was born in 1982. Thankfully, she began teaching Dani how to weave and continued to do so until the day she passed in May 2019. One day in 2016, after making a basket, Dani Sue was sparked with a strong desire to carry on her granny's basket teaching legacy. That desire has been the driving force behind her business, Dani Sue Creations.

## **Steve & Sandy Atkinson**

Sandy Atkinson began weaving in 1983 when she was home with her four daughters. In 1985 she and her husband, Steve, opened Atkinson's Country House, where she could teach basket weaving and sell supplies. The success of the business grew into a nationwide mail order company. In 1986 Sandy approached the U of M PBS-TV about doing a series on basket weaving. The concept was enthusiastically received; the U of Michigan produced the first two series of "Country Basket Weaving with Sandy Atkinson". Series three, four, and five were produced by Steve and Sandy. All five series have been picked up by PBS and Sterling Digital out of New York. Steve and Sandy continue to work at the basket studio in Lennon, Michigan. They live on a small farm, have eight grandchildren and love to travel in the motor home around the USA to teach. Making basket weaving fun, relaxing, and inspiring is my goal. In 2003 I won the Eiteljorg Museums Weavers Challenge. In 2009 I added broom making as an outshoot of weaving and it too is now a passion. In 2016 I received the honor of being named an Indian Artisan by the State of Indiana for both broom making and basket weaving. I had the honor of teaching at the July Convention 2024.

## **Pat Mercer**

Pat Mercer has taught basketry to all ages from middle school to senior citizens in grant-funded programs, private businesses, churches, libraries, arts counsels, conventions and retreats. In 2022, she launched monthly classes, which continue to grow in popularity. Pat experiments with non-traditional weaving materials, such as road maps, denim, dog leashes and cotton cords, and repurposes such items as BBQ tongs, candle-saver lids, and wooden trivets. Occasionally, her designs blend basketry with such art forms as macrame, decoupage and pour painting. Most of her pieces combine function and form into a decorative piece – in other words, art with a purpose.
